IDLEWILD, MICHIGAN

~

In it's heyday, the Idlewild Resort area was the place to perform for musicians and other entertainers who had already "arrived" and for those that were hoping to get noticed. The Idlewild Music Fest recognizes these musical roots with a two-day celebration. Coordinated and supported by business leaders, the nonprofit community and faith community of Lake County, the Idlewild Music Fest brings an unmistakable beat back to echo across Idlewild Lake and Williams Island, if just for awhile.
